NEW SASHIKO Thread

hidamari

SASHIKO & _____

Introducing the new SASHIKO thread "hidamari" which means "sunny spot". Our SASHIKO thread brings you a fun, bright, warm and happy experience!

COSMO

SASHIKO, a traditional Japanese art of functional embroidery was developed to strengthen, mend, patch, quilt, insulate, and embellish everyday items using a simple stitch to create fun geometric patterns.

Enjoy for stitching, sewing, mending, knitting, crocheting, knotting, decorating, and more!

No.88

Solid (Single color)

Basic traditional SASHIKO colors and smokey shades plus fun, vivid, popping tones to coordinate all your needs.

No.89

Speckle

Just like candy! Thread dyed with colorful dots on white base to appear as Japanese traditional Ten-Kasuri fabric. It's great for making tassel.

Melange

Beautiful blend of two colors are dyed to give a unique effect. Perfect for mending or decorating jeans and other fashion projects. It's also great for making fringes and pompoms.

Multicolor

Dyed with four different colors to create the multicolor effect. It's great for knitting and crocheting accessories as well as wrapping.

Gradation

A single color gradated thread naturally changes colors by repeating long and short combinations. These colors are perfect for both Western and Japanese aesthetic.

Note: As No.89 threads are dyed using a special dyeing method, the appearance of each color varies.
